Welder **RED SEAL** Pre-Exam Course

As a welder, you have probably wanted greater mobility across the provinces and territories to maintain continual employment and growth. Since 2000, with the establishment of the Interprovincial (IP) Standards Red Seal Program, welders in Ontario can now expand on their credentials. Journeypersons can challenge the Red Seal Welders exam through the Ontario College of Trades. Registration packages can be picked up at your local Ministry of Training, Colleges and Universities Apprenticeship office.

How long has it been since you cracked open a book? Through WAC Services, they will establish your strengths and weaknesses in the theory of welding through the 'exam bank' and have a Red Seal Certified Instructor customize a study package designed specifically for your needs. This package will be your study material along with "one-on-one" correspondence support. It is highly recommended that if you are serious about writing your RED SEAL exam, the C.W.B. Red Seal Welder Upgrade Program Module (x4) can be purchased through Can-Weld. That will be your solid guide material for studying. Along with this, there will be ample practice testing before registering to write the Certificate of Qualification Examination (C of Q Exam) at the Ministry of Training, Colleges and Universities.

Along with the theory part of the RED SEAL exam, qualified journeyperson welders must hold a current welding ticket. Can-Weld offers continual upgrading and testing to match your schedule!

Whether its theory or practical help you need, let Can-Weld Training & Testing Centre along with Mark Abraham Consulting Services be your GO-TO for achieving your RED SEAL TODAY!

Fee is determined upon individual need
