

ACCESS TO:
CAN-WELD TRAINING & TESTING CENTRE (*BACK SHOP*)

“THE BUZZER”

Why is there a “buzzer”? There are several reasons why this is necessary. The most important one is that the city by-laws state no smoking within 9 meters (27 feet) of a public access door. Please smoke in the designated area which is out back. Also, the only people allowed in the building are: staff and currently registered students. **All** visitors must report to the front office for permission to access “Centre”.

Once class has begun and you need to exit the building during your training session (other than designated break-time), you will only be able to enter through the back door. Entering through the back door requires safety boots and safety glasses to be worn at the time of entering. The door will be deactivated at the set times to assure efficient sessions. Thank you for your compliance. 😊

Instructors arrive shortly before class. Please allow time for them to open the facility before entering.
